23 – 47 Villiers Street
NORTH MELBOURNE VIC 3051

Dear Sir/Madam,

Frankston Field and Game
Bushfire Relief Charity Day – 14th February 2009

On behalf of the members of the Frankston Branch of Field and Game Australia, it is my proud duty to provide you with the attached donation to the Victorian Bushfire Appeal.

Like all Victorians, our members were devastated by the impact of the Black Saturday fires. Looking to make a contribution, our committee scrambled quickly to action, organising and hosting a special clay-target shooting competition at our club shooting range on Saturday 14th February 2009 to benefit the victims of the bushfires.

All profits from the competition were pooled for donation along with a number of cash donations made on the day by our competitors, organisers, volunteers and visitors. The club was also able to secure the generous support of a number of local businesses, club sponsors and other friends of the club, who donated various items for a charity auction and raffle.

Our day was a great success, attended by 96 shooters and countless other spectators and visitors. **The result, a donation of \$4,148 was raised for donation to bushfire victims.**

We have determined the Australian Red Cross Victorian Bushfire Appeal to be the most appropriate recipient of these funds and trust you will put the donation to good use.

We would appreciate a receipt be forwarded to the branch secretary for our records.

Kind regards

Steve Harris
Vice President, Frankston FGA
